

# EQUI DISTANT FROM EVERY THING

The consequence of being subtle

“The psyche  
communicates in silence.  
It is the language  
of the forever”

Sadhana Singh  
teaches from his latest research project

27/29 JUNE 2022

In presence at Sebomai, Magliano Sabina (Ri) - Italy

“The psyche  
communicates in silence.  
It is the language of the forever”

The subtle is that invisible  
and intangible that humans  
share without being aware of it.  
It is the more refined dimension  
of connection and existence.  
It is the spirit. Common to all,  
the subtle is the reality that  
travels, communicates, senses  
and experiences with no limits  
of distance or time.

If it is true that God  
is nothing but the soul itself  
then, that's what the subtle is.  
The spirit is omnipresent,  
the only priority today  
is to become actively aware of it  
and act consciously from it.  
The radiance and subtlety  
are tools to project, expand  
and spread the spirit.

everything” by Sadhana Singh)*
